AK Steel Announces Price Increases For Carbon Steel Products

West Chester, OH, November 19, 2009—AK Steel (NYSE: AKS) said today that it will increase spot market prices for its carbon steel products, effective January 1, 2010. Base prices for hot rolled products will increase by \$20 per ton and base prices for cold rolled and coated products will increase by \$30 per ton over the company's current spot market prices.

About AK Steel

AK Steel produces flat-rolled carbon, stainless and electrical steels, primarily for automotive, appliance, construction and electrical power generation and distribution markets. The company employs about 6,000 men and women in Middletown, Mansfield, Coshocton and Zanesville, Ohio; Butler, Pennsylvania; Ashland, Kentucky; Rockport, Indiana; and its corporate headquarters in West Chester, Ohio. Additional information about AK Steel is available on the company's web site at www.aksteel.com.

AK Tube LLC, a wholly owned subsidiary of AK Steel, employs about 250 men and women in plants in Walbridge, Ohio and Columbus, Indiana. AK Tube produces carbon and stainless electric resistance welded (ERW) tubular steel products for truck, automotive and other markets. Additional information about AK Tube LLC is available on its web site at www.aktube.com.
